Ben Brown

Who's that you say... Well peeps he be tha man scribbling for some of the biggest names in the surf and music biz, so it was only fitting he whip something up for the WEB..!

That's right y'devils, Mr Brown went and got creepy with the crayons to rework the Wamberal Express theme and update our teo artwork for the first time since the club was born... that's 22 years ago for those of you at home.

Readers of STAB Mag will be familiar with his work as their cartoonist of totes fab acclaim... see some of his shizzle to the rightski.....

January Comp

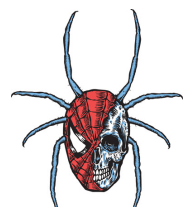

Unfortunately we all know too well that most of the time we have a comp, mother nature usually has a headache and won't give up the goods when it comes to quality waves... which is why the January comp was so sweet.

No one could really remember when we had a such great waves for a comp with North Wambi turning on a good example of the Express for everyone to get weird on... and the weather was quite pleasant as well... sunshine and light to no wind etc...

Despite the descent size and the good NE angle of the swell, there weren't any smoking pipes for which the Express is world famous... that didn't stop WEB's Chief Party Liaison Jase McGuiness from getting barrelled on an inside double up though... who needs Pipe when ya got that shiz goin down in ya backyard... BOOM

Vouchers from The SURFshop for 2011

Righto all you raconteurs out there that like nothing more than scoring free shiz, we've got a new system for the award of the SURFshop's very generous voucher prizes.

Much in the same way as the ASP Dream Tour rejigged its ratings system, the WEB have come up with the following:

- One voucher will be awarded per division at each comp
- The awardee must be present at the time of the announcement to collect the prize
- A different criteria will determine voucher winners each month
- Award criteria will be unknown until the presentation in the surf club after the comp
- Vouchers are \$40.00.

So, it works like this... there are eight criteria for the award, but it won't be known which one it is until the end of the day... below is the list that will be applied, but not in this order:

- Highest wave score - Awarded at the January Comp; see below for the winners
- 1st place in each division
- Most heats judged
- Best wipeout
- Best barrel
- Most consistent surfer
- Best claim, and
- Commitment to helping set-up and pack-up.

Voucher Winners for January Comp - Highest Wave Score

Division	Winner	Highest wave score
Groms	Hazza Clements	8
WQS	Arnold Roberts	8
WCT	Haysey Dayz	9.5
